BOARDING AIMS

Boarding cannot replace life at home. However, by providing a warm, homely, caring and safe environment, we can go some way towards furthering some of our fundamental aims: ensuring that children are happy, that they are considerate of one another and that they are given time, respect and encouragement. We aim to:

- Offer 'Total Care' to all children so each boarder can develop spiritually, culturally, socially, intellectually, physically and morally in an atmosphere of positive encouragement
- Develop the whole person and communicate the school's established values
- Develop mutual respect for all members of the boarding community in an atmosphere of consistent trust, respect and tolerance.
- Recognise that each boarder has the right to be able to work, play and relax free from abuse, intimidation, harassment, teasing and bullying.
- Provide equality of opportunity for all boarders regardless of ethnic origins, culture, gender, religion, abilities and character.
- Recognise and value all members of the boarding community as unique individuals.
- Encourage and maintain close links with parents, families and friends as a vital partnership in the growth and well-being of the children.
- House all boarders within comfortable and suitable accommodation, free of obvious physical dangers and hazards.
- Provide opportunities for boarders to develop qualities of leadership, an understanding of the importance of team work, confidence in personal responsibility and initiative.

**We want everyone TO BE KIND, TO BE KIND, TO BE KIND and
we aim to nurture HAPPY CHILDREN!**
